Bill,

I am not able to share the letter from Carol Dinkins but I can confirm that Occidental Chemical Corporation has provided notice of its intent to comply with the terms of the UAO.

On that note, attached is a letter from EPA to the CPG, in their capacity as Setting Parties under the Removal AOC, discussing EPA's expectations that they will cooperate with Occidental on the RM 10.9 removal action.

The letter does not mention the LPRSA RI/FS, and this probably goes without saying, but naturally we do expect that the CPG will continue to coordinate closely with Occidental and Tierra Solutions, Inc. as necessary for the performance of the LPRSA RI/FS and the Newark Bay RI/FS.

Regards,
-Sarah

Sarah,

Attached is a letter I received from Carol Dinkins last night. Are you free to share the letter I would imagine EPA got from Carol yesterday?
